Mining Suppliers Launch 2011 Membership Directory

July 8, 2011

Vancouver – The Mining Suppliers Association of British Columbia (MSABC) launched its 2011 Membership Directory today at the Bob Hallbauer Invitational Golf Tournament. “Through their active involvement in our Association, the suppliers, contractors and consultants in this Directory have all demonstrated a commitment to the development of a sustainable mining industry in BC,” said Patty Moore, Chair of MSABC.

The 2011 Membership Directory, which will be printed annually and regularly updated on the MSABC website, was last produced in 2001. “The revival of this Directory is indicative of the growing importance of mining to the livelihoods of British Columbians,” added Moore. “Much has changed since our last edition, including our name, but we remain committed to our founding principle – to support the mining industry in British Columbia.”

The Mining Suppliers Association of B.C. comprises suppliers, contractors and consultants to the B.C. mining industry who are committed to promoting the sustainability of this valuable resource sector.
